City of Shelbyville
44 W Washington St
Shelbyville, IN 46176

Re: Indiana Clean Community Program Silver Level

Dear Mayor Furgeson,

I am pleased to announce that the City of Shelbyville has completed the project requirements to advance to Silver Level status. Thank you for your commitment to environmental leadership. Your efforts help improve the quality of life for Hoosiers in your community and beyond with each project you have implemented and completed.

By being a Clean Community Program member, Shelbyville is distinguished as one of a select group of cities, towns, and counties across Indiana to go above-and-beyond environmental requirements by voluntarily implementing sustainability projects by committing to continuous environmental improvements and meeting the program's stringent requirements for membership. This commitment also moves Indiana towards a balanced future of economic success and a cleaner Indiana for all Hoosiers.

The City of Shelbyville has now officially graduated to the Silver Level in IDEM's Clean Community Program.

I encourage you to promote your Clean Community Program accomplishments and to identify additional proactive, positive environmental improvement projects to continue moving the City of Shelbyville forward in the program towards achieving Gold Level status in the program. If you have any questions, please don't hesitate to contact our Clean Community Program Manager, Missy Shaber at 812-380-1300. Congratulations to you and the City of Shelbyville on achieving the Silver Level member status in the Indiana Clean Community Program and thank you for your exceptional environmental leadership.

Sincerely,

Clint Woods
Commissioner
